WELCOME

Welcome to our wonderful school and thank you for entrusting us with the educational and wellbeing outcomes of your child.

Our school's purpose is to cater for the needs of the growing learner you have entrusted to our care and to help them prepare for a life of fulfillment and worth. I believe that with your support and encouragement your child will quickly adapt to the new circumstances of our school and become a confident and competent learner who is always striving to achieve.

On behalf of the children, staff and parents of Rooty Hill Public School, I welcome you to our school and hope that in a relatively short time you think of it as your school as well. I am sure that your child's time at Rooty Hill will be challenging and rewarding.

This booklet will provide you with much of the basic information you require to be able to use the services that the school and its community offer. I particularly value the importance of open communication and welcome enquiries or comments on any aspect of school life. The future of our school community looks extremely positive indeed. We look forward to continuing to grow our relationships and our learning.

Sincerely, Scott Fisk

SCHOOL CONTEXT

Rooty Hill Public School is an integral part of the local community located in Western Sydney, where we provide 'Quality Education in a Vibrant, Caring School'. As part of the 'Learning Neighbourhood' we work with our local schools: Eastern Creek PS; Minchinbury PS; and Rooty Hill HS to provide a seamless education from Kindergarten to Year 12.

We have a student enrolment of 660 students including three MC support classes including students from across the local area. These students are from a wide variety of cultural backgrounds. Rooty Hill Public School prides itself on it's inclusivity, belonging and working together with students, parents and the wider community. For the 60% of students with a Language Background Other Than English (LBOTE) and for the 8% identifying as Aboriginal, we provide the support of specialist staff.

These specialist staff work collaboratively with class teachers to ensure optimum results for each student. Extra Curricular opportunities in Sport, debating, public speaking and Creative and Performing Arts, enables our students to excel through a range of different experiences. All students have access to advanced technology. The school actively seeks to foster and develop student leadership and participation.

SCHOOL FACILITIES

Library

Our library is a wonderful space where our students participate in library lessons. Classes visit the library each week for a formal library lesson. Students are given the opportunity to borrow books during this time. The library is also open during recess and lunch for individual reading and activities. Parents/carers are able to borrow books for their child/children before or after school on Wednesday, Thursday or Friday each week. As well as the main library we have our Library Learning Lab which is a multi-purpose space for small groups or classes of students. Our Collaboration Hub is also located in the library and is the location for various meetings for staff and the community.

<u>Hall</u>

Our school hall is regularly used throughout the school day for a variety of activities including incursions, performances, performance group rehearsals, sport etc.

Our school hall is also hired by a number of outside groups after school hours including Karate and Physical Culture. This ensures that we have our local community interest at the heart of what we do and that we are providing opportunities for our community outside of school hours.

SUPPORTING FAMILIES

A huge thank you to Foodbank who provide the majority of the food items for RooUber Eats.

Mama Lana's and Rev Bill Crews Foundation

We are lucky enough to have partnerships with Mama Lana's and Rev Bill Crews Foundation who provide meals and hampers to families in need. We receive meals and hampers we are able to pass onto families who indicate they would benefit from these meals. Best Start Assessment (Kindergarten)

Children start school with a range of early numeracy and literacy knowledge, skills and understanding. The Best Start Assessment involves teachers finding out about each student's abilities by using a series of specially designed assessment tasks. The assessment will help teachers develop effective learning programs that build upon what students know and can do when they start Kindergarten.

EVERY DAY COUNTS EVERY MINUTE MATTERS

HEALTH

Good health is vital to school progress.

At certain times we have outbreaks of common childhood diseases. To prevent the spread of infection, exclusion is necessary. The number of days the child is required to be absent from school for these diseases is stated below.

Disease	Number of Days Required to be Absent from School
German Measles	At least 4 days after appearance of the rash
Measles	At least 4 days after appearance of the rash
Chicken Pox	5 days after spots appear or until all sores have cleared
Mumps	9 days from the onset of the swelling of the salivary glands.

In addition, some common diseases affecting skin, hair and eyes require children to be kept away from school as follows.

Disease	Number of Days Required to be Absent from School
Scabies	Exclusion from school until the day after treatment has begun
Impetigo	Exclusion from school until treatment starts. Sores need to be covered with watertight dressing.
Ringworm	Exclusion from school until the day after fungal treatment has begun
Conjunctivitis (sore eyes)	Exclude until all evidence of discharge from eyes has ceased

HEALTH CONT.

Head Lice

At certain times of the year we have outbreaks of head lice and warn you that your child could become infected as lice is very contagious. A general head lice note is sent home.

Medications

If your child is to take a regular prescribed medication at school you must see our School Administration staff at the front office. Before any regular medication is administered at school parents/carers are asked to complete a medication form, which can be obtained from the front office. This form outlines information regarding time and dosage requirements.

Requests for occasional medication to be administered must be made in writing, by completing a medication form obtained from the office, stating dosage, time and special conditions. All notes and medication are to be given to the front office by a parent/carer.

Asthma, Allergies and Anaphylaxis

If your child has asthma, you need a doctor to complete an Asthma Plan.

Additionally, if your child has a diagnosed allergy that is non-anaphylactic you will need to supply a current ACSIA Allergy Plan (Non-Anaphylactic) to the school. Also, to be completed and signed by a doctor.

It is essential that any student diagnosed with anaphylaxis must have a current ACSIA plan (completed and signed by a doctor) and must have an adrenaline autoinjector, e.g. EpiPen, at school.

Immunisation is important

It is a simple and effective method of protecting your child from catching the dangerous diseases of diphtheria, tetanus, whooping cough, poliomyelitis, measles and mumps. Immunisation is available from your family doctor. Your child is due for immunisation when he/she begins school. This means that parents/carers with children starting school in Kindergarten, must present an Immunisation History Statement at the time of school enrolment.

ADDITIONAL INFORMATION

Camp Australia OSHC (Out of School Hours Care)

Camp Australia provides an out of school hours care program in our community room. The service operates before school from 6:30am to 8:30am and after school from 2:55pm to 6:30pm. Further information can be obtained from the front office, or the Camp Australia website www.campaustralia.com.au or by calling 1300 105 343. Vacation care is also available.

School Counsellor

The School Counsellor is a teacher specially trained in Child Psychology, whose job it is to help children who are having difficulties at school. Children may be referred to the Learning Support Team by their teachers, Deputy Principals, the Principal or by their parents/carers. The Learning Support Team determines which cases are referred to the School Counsellor.

Excursions and Incursions

Excursions and incursions are a great way to enhance the learning of your child. Excursions and incursions are organised to reflect what has been taught in the classroom or to allow your child to put newly developed skills into practice. Every grade will attend at least one excursion or incursion each year. In addition to this, Years 5 and 6 students have the opportunity to attend a two night overnight camp. These opportunities are very exciting for our boys and girls. All information regarding incursions, excursions and camps will be sent home via the eNotes Day alert on the Sentral Parent Portal.

Voluntary Contributions (School Fees)

To assist with the supplementation of educational resources and programs in our school, parents/carers are asked for a voluntary contribution each year. School Community Charter

Collaborative. Respectful. Communication.

The following School Community Charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

We treat each other with respect

What our schools provide

NSW public schools work to create positive environments for students. staff and the entire school community that support student learning. We strive to ensure that every student is known, valued and cared for.

The best education happens when parents and schools work together.

The School Community Charter aligns with the NSW Department of Education Strategic Plan 2018 - 2022.

Positive environments

It is important that our NSW public schools are positive environments and that parents and carers are kept informed of students' progress and school announcements.

Parents and carers can expect:

- To be welcomed into our schools to work in partnership to promote student learning.
- · Communication from school staff will be timely, polite and informative.
- Professional relationships with school staff are based on transparency, honesty and mutual respect.
- · To be treated fairly. Tolerance and understanding are promoted as we respect diversity.

Communicating with our schools

Our staff will find a time to talk to you when they can give you their full attention. Please remember that while our staff are in class or dealing with other matters, they may not be available to answer your questions immediately.

Our schools and communities will make sure that written communication is appropriate, fair and easy to read. We encourage you to use email and social media appropriately to connect with your school and stay up-to-date with up-coming events in the school community.

Our guide for parents, carers and students provides useful information about the complaints process:

Respectful communication is a right

In all workplaces people have the right to feel respected. Unacceptable and offensive behaviour has no place in our school communities.

To ensure the wellbeing of students, staff and the community in our schools, steps will be taken to address unacceptable behaviour. This may include restricting contact with the school community or, in more serious cases, referral to NSW Police.

Unacceptable behaviour may include but is not limited to:

- Aggressive or intimidating actions, such as violence, threatening gestures or physical proximity.
- Aggressive or intimidating language, including the use of obscenities, making sexist, racist or derogatory comments or using a rude tone.
- · Treating members of the school community differently due to aspects such as their religion or disability.
- · Inappropriate and time wasting communication.
